1. As you know, the DR is an avid reader of our our weekly Significant Action Report (SAR). Such items generally have been accounts of completed actions accomplishments. These are useful not just for the Command Element, but also for us (as you know, we send the SARs to all NMIPC personnel via Hignote and the EBB to keep everyone abreast of their colleagues' activities).

2. The DR is also interested in expanding our submission and receiving SAR items of "any problems/issues/arguments/debates." Please expand your SAR items that are discussed/reviewed at our Wednesday NMIPC Staff Meeting to cover the topics, which will frequently relate to ongoing actions.

3. Thank you.
